GLAFIMS INITIATIVE

INTERNATIONAL CONSORTIUM OF FORENSIC JOURNAL EDITORS (ICFJE)

Overview

The ICFJE is a group of forensic journal editors and representatives of selected related organizations working together to improve the quality of medical science and its reporting. The International Consortium of Forensic Journal Editors (ICFJE) aims to be a central hub for editors of forensic science publications. It will foster collaboration, promote best practices, and elevate the overall quality and impact of forensic research.
